

seca 761

Mechanical personal scales
with 1,000 g graduation 

- Robust construction.
- Large, easy-to-read dial.
- Low profile and wide platform.
- Precise and durable.

seca 761:

Classic highlight in weighing technology.

This seca classic has greatly influenced the image of scales. With an absolutely precise dial, synthetic covering used in medical applications, and steel plate housing from the good old days. The modern age has also left its mark on these scales, which are available in many different colors and models. For one thing a classic should never be boring.

Modern classics for several decades.

The precise design classic has a large clear and well defined dial. With a large, low-level, non-slip platform and scratchresistant finish it is easy for the patient to step on and weigh.

The face of the dial is especially large to make reading the figures much easier.

The rugged metal housing withstands years of use under the hardest conditions imaginable.
